DETAILED ACTION

Amendment filed on March 21, 2003 has been entered. Claims 15-18, 20-29 are now pending. Any rejection that is not addressed in this Office Action is considered obviated. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 15-18, 20-29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Almaric et al US Patent 5,670,471.

Applicant's arguments with respect to this rejection have been fully considered but are not found persuasive. Applicant argues that Almaric does not teach concentration of surfactant that is less than 1%. However, Applicant has not provided any evidence setting forth the unexpected results or the criticality of such amounts.

As reasoned in previous Office action, Almeric teaches all elements of the instant claims except the lower concentrations of non-ionic surfactant. however selecting proportions and ranges is not patentable absent a showing of criticality. In re Becket, 33 USPQ. 33 (CCPA 1937). In re Russell, 439 F.2nd 1228, 169 U.S.P.Q. 426 (C.C.P.A. 1971). Applicant has failed to meet the burden of rebutting the prima facie obviousness rejection. Accordingly, the rejection is maintained for the reasons of record.

Conclusion

No claims are allowed. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
